SANTA BARBARA, CALIFORNIA  
A TY WARNER PROPERTY

**TRAILS:** Seventeen miles of hiking trails start just to the right of San Ysidro Creek. Follow the Creek up the Santa Ynez Mountains to a beautiful water-fall and breathtaking views. Please stay on the trails, not only for your safety but for the preservation of this natural resource. Beware of Poison Oak, which can cause quite a bit of discomfort. If you are not sure what Poison Oak looks like, please contact the Front Desk.

**WILDLIFE:** San Ysidro Ranch is located in the spectacular Santa Ynez foothills and is home to a variety of species of wildlife, including raccoons, coyotes, rattlesnakes and bobcats. Please respect that we share common ground with our wildlife friends and remain on the trails

**SPA SERVICES:** We invite you to treat yourself to the quiet pleasures of our spa treatments, offered in the privacy of your cottage or secluded deck. We provide a full array of massages and facial and body therapies. Please refer to the Spa Services menu for more information.

**FITNESS ROOM:** Overlooking our hillside swimming pool is our fitness room. Equipped with cardio equipment plus free weights and yoga mats, the center is open to guests from 5 a.m. until 11 p.m.

**SWIMMING POOL:** Take a swim or bask in the sun at our outdoor heated swimming pool, located at the top of the property.

**BOUTIQUE:** Located in the Hacienda, our boutique is inspired by the natural elements that surround the property. The boutique offers our guests a chance to bring home the custom amenities, home accessories or simply a memento to remind them of their relaxing and memorable experience at the Ranch.

**CHEF'S ORGANIC GARDEN:** The on-site Chef's Garden features organic herbs and vegetables used in every flavorful dish and cocktail. Figs plucked from the trees go into the house-made jam to enjoy with breakfast and the sweet lemons into our famous Meyer lemon tarts for dessert. The garden is always changing to incorporate the season's freshest ingredients. It is always worth a look to see what Executive Chef Matthew Johnson is growing next!

**THE CELLAR:** Wine is an integral part of the SYR experience. Today, the wine list counts over 2100 selections, including a wide variety of wines from the world's most sought after regions and vintages. With such close proximity to the Santa Barbara wine country, extra focus is placed on representing the hard to find, small production wines of the region. The cellar is located in the temperature and humidity controlled basement of The Stonehouse.

**DINING: The Stonehouse:** Located in a 19th-century citrus packing house, The Stonehouse features a relaxing lounge with full bar service and a separate dining room with crackling fireplace and creek side views.

Guests can dine under the stunning bamboo covered Terrace with a wood-burning fireplace and heated stone flooring, providing year-round comfort. Weather permitting, guests can also dine under the romantic gaze of Southern California's stars in the Garden under the lantern-lit loquat trees.

Featuring the spectacular performance of Tableside Flambé, guests can experience this lost and rare artful serving of traditional dishes such as the classic Steak Diane, Crepes Suzette, Bananas Foster and Cherries Jubilee. Executive Chef Matthew Johnson's evocative regional cuisine is prepared with a palate of fresh herbs and vegetables harvested from the on-site chef's garden.

Dinner nightly 6-10 p.m.  
Lunch Wednesday-Saturday 11:30 a.m.-2 p.m.
